

DNKS efterårsmøde

Den 11. november 2016 kl. 9:00 - 16:00
Charlottehaven, København

"Neurooncology – the new WHO classification"

An update on the new WHO brain tumor classification
and current practice in brain tumor imaging.

Programme:

09.00 - 10.00: **Coffee & exhibition**

10.00 - 10.10: Introductions by/ professor Jens Chr. H. Sørensen, Chairman of DNKS.

10.10 - 10.40: The potential of methylome analysis for brain tumor classification. Andreas von Deimling, Department of Neuropathology, University of Heidelberg:

10.40 - 11.00: New classification and molecular pathology of CNS tumors. Andreas von Deimling, Department of Neuropathology, University of Heidelberg.

11.00 - 11.30: **Coffee & exhibition**

11.30 - 12.00: How do we implement the new classification and molecular pathology of CNS tumors in Denmark. Bjarne Winther Kristensen, Department of Neuropathology, University of Southern Denmark

12:00 - 12:30: Will invasive drug-delivery play a part in future neuro-oncology. Bo Halle Odense University Hospital.

12.30 - 13.30: **Lunch & exhibition**

13:30 - 14:00: MR & CT imaging of CNS tumors – Current practice. Edith Nielsen Department of Neuroradiology, Aarhus University Hospital.

14:00 - 14:30: PET imaging in CNS tumors & neurosurgical relevance. Ian Law Department of Clinical Physiology, Nuclear Medicine & PET, Rigshospitalet, Copenhagen.

14.30 - 15.00: **Coffee & exhibition – Dagens 1. del slutter.**

15.00 - 16.00: Yngre Neurokirurgers fællesmøde - (alle er velkomne)

15.00 - 15.20: Elektronisk logbog og ny målbeskrivelse. Helga Gulisano, Aalborg UH.

15.20 - 15:45: Planer og strategier for de specialespecifikke kurser – SUS.

15:45 - 16.00 Feed back, afrunding og spørgsmål. Ved JCHS

DNKS håber at se dig til en spændende dag med erfaringsudveksling og nyt fra et emneområde der har stor aktualitet i de neurokirurgiske afdelinger.

Vel mødt
